THIRD EDITION · JAN – JUNE 2026

ABOUT PULSE

If Q4 2025 was the season of celebration, 2026 arrived with something different in the air — the calm before the storm. The kind you feel at the start of something real.

This year didn't ease us in gently. It kicked open the door.

January brought global stages and hometown warmth. February turned the office into a canvas of colour and creativity. March gave us new traditions, and a Dubai trip that didn't go to plan but became a story worth telling anyway.

Then Q2 kept the tempo: April took us to Vegas, May gave us a 12th birthday, a keynote in Yerevan, and a founder honoured for who he is beyond the office. June slowed down just long enough for us to breathe.

Between the big milestones and the small joys, something became very clear: **Adsparkx isn't just growing, it's transforming.** The fruits of Q4's hard work are being harvested. The energy is different now. More focused. More confident. More us.

This edition of Pulse spans two quarters, January to June 2026, and captures that shift — the elevation that happens when a team stops just showing up and starts truly showing out.

Because at Adsparkx, we don't just enter a new year or a new quarter. We enter a new era.

WHOLESOMENESS · Q1 · JAN – MAR

THE Q1 REEL

Q1 set the tone early: global stages, hometown festivals, and a couple of new traditions that are clearly here to stay.

LEAD GENERATION WORLD × AFFILIATE SUMMIT WEST

4–6 JAN | 12–14 JAN

The year didn't wait. Barely into January and Adsparkx was already on the global stage — twice.

Vipul represented us at **Lead Generation World** (Jan 4–6), where the brightest minds in performance marketing gathered to push the industry forward. Then came **Affiliate Summit West** (Jan 12–14), where Anita and Vipul carried the Adsparkx flag into one of the biggest affiliate marketing conferences in the world.

Two events. Back-to-back. Same energy: confident, curious, and ready. These weren't just networking trips. They were statements. Adsparkx belongs on these stages — and it showed.

LOHRI CELEBRATION

13 JANUARY

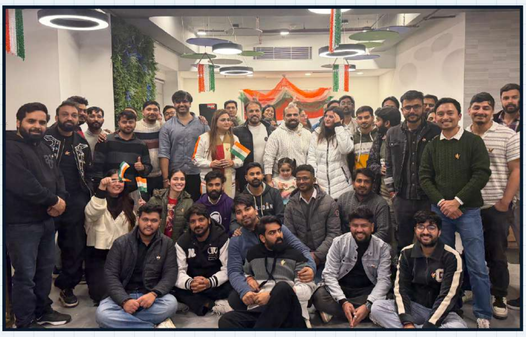

Small celebration. Big warmth.

We marked Lohri the way it should be — with revdi, popcorn, kachori, and conversations that flowed just as easily.

It wasn't about scale or spectacle, but about the feeling — the kind that comes from shared moments, familiar faces, and the simple joy of being present.

A thoughtful break, just enough to recharge before getting back to work. And proof, once again, that revdi and popcorn fix almost everything.

QUICK PEEK

REPUBLIC DAY CELEBRATION

24 JANUARY

The day kicked off with fun games that had everyone laughing, competing, and getting just a little too into it for a workday break. There was an easy, natural sense of celebration in the air — nothing forced, just everyone enjoying the moment.

Then came the buffet (a definite highlight), followed by a talent showcase that brought out some seriously impressive — and unexpected — skills from the team. And just when it felt like things were wrapping up, the vibe kept going.

We wrapped it all up with some late-night jamming — relaxed, a little chaotic, and a whole lot of fun.

QUICK PEEK

VALENTINE'S DAY POTLUCK

14 FEBRUARY

With the iconic theme of "No Valentine? No Problem" — singles, couples, and the complicated ones were all invited.

The Valentine's Day potluck was a masterclass in inclusion and creativity. Teams brought their best dishes and their best energy — because this wasn't just about food, it was about the people around the table.

It started with a classic: **"Never Have I Ever"** — old-school, a little chaotic, exactly what it needed to be. It ended with everyone gathered together over good food, and the collective realisation that you don't need a Valentine when you have a team this good.

QUICK PEEK

HOLI CELEBRATION

27 FEBRUARY

This one was special.

Holi at Adsparkx came with its own Sparkian twist: a **competition** where every team was given stationery and tasked with decorating one of their teammates. The results were... creative? Yes. Chaotic? Yes. Absolutely hilarious? Bigger yes.

The highlight? The **ramp walk finale** — where decorated teammates strutted their stuff with more confidence than anyone had any right to after being turned into a human art project. The crowd loved every second of it.

Then came the **Holi colours** — because of course we went there — followed by a **gorgeous food buffet** and, naturally, the dance floor calling everyone's name at the end. Holi 2026 at Adsparkx: filed under unforgettable.

QUICK PEEK

WOMEN'S DAY LUNCH

9 MARCH

On March 9th, the women of Adsparkx gathered for fine dining that became something entirely its own.

Organised with love by **Parul Mehta** and **Monika Sharma Taneja**, the afternoon was filled with good food, shared stories, and the kind of cheering-each-other-on that women do best. There were approximately one thousand pictures taken. No regrets.

It wasn't just a lunch. It was a reminder of the incredible women this team gets to work alongside every single day — each one showing up with strength, heart, and brilliance.

The day ended with sweet treats and gifts. But the real sweetness? It was already in the room.

QUICK PEEK

ADSPARKX DAY — EVERY FRIDAY

BEGINNING 13 MARCH

A new chapter. A new tradition.

Starting March 13th, **every Friday is Adsparkx Day** — and Sparkians show up wearing their Adsparkx tees with pride. To make sure everyone feels comfortable and expressed, three styles were introduced: **polo tees, round necks, and shirts**. Something for everyone.

The first Adsparkx Day brought the whole team together in a way that felt both simple and significant. A little thing. A big feeling.

Because identity isn't just built in the big moments. It's built on Fridays, in the hallways, in the small habits that say: we belong to something worth showing up for.

QUICK PEEK

BOX CRICKET MATCH

20 MARCH

The one where things got a little competitive.

Cricket has officially become an Adsparkx tradition, with a couple of matches now landing every quarter. This one delivered.

Team Vipul vs. Team Nipun. The match had stakes, trash talk, and enough energy to power the entire office. Sparkians brought their A-game to the box cricket pitch, and it was a reminder that this team plays as hard as it works.

The spirit of the game was clear long before the final score: at Adsparkx, even the friendly matches feel like something worth remembering.

QUICK PEEK

FEATURE DUBAI · 4–5 MARCH

AW GLOBAL THE UNTOLD STORY

Some trips don't go as planned — but still become memorable in their own way.

WHAT HAPPENED

The Sparkians arrived in Dubai for AW Global, excited for a global industry event and the experience of representing together on an international stage. Shortly after landing, the event was cancelled due to the regional conflict in March 2026.

Plans changed. The energy didn't. The team stayed together, explored the city, and made the most of their time outside the original schedule — turning an unexpected situation into a shared experience.

WHAT STOOD OUT

Despite the uncertainty in the background, what stood out was the calm, the togetherness, and the way everyone adapted without losing momentum.

The event didn't happen. But the AW Dubai chapter still very much did.

WHOLESOMENESS · Q2 · APR – JUN

THE Q2 REEL

Q2 split its time between boarding gates and birthday cake — and somehow made room for game days in between.

MEDICARIANS × LEADSCON

20–22 APR | 22–24 APR · LAS VEGAS

Q2 opened the way Q1 did: with Adsparkx on two big stages in a single week.

Anita Rai, our Senior VP – Sales & Business Development, represented Adsparkx at **Medicarians** (April 20–22) and **LeadsCon** (April 22–24), both in Las Vegas. Two of the biggest rooms in the insurance and lead generation world, back to back, with barely a coffee break between them.

Four days, two conferences, one Sparkian, and a stack of new connections worth every air mile. Vegas, we'll be back.

ADSPARKX TURNS 12

1 MAY · 12TH ANNIVERSARY

Twelve years. One spark that refused to go out.

On May 1st, we gathered to celebrate Adsparkx's 12th anniversary — and this one hit different. The cake cutting pulled the whole office in, and then came the speeches from senior management: honest, warm, and openly emotional in places. Twelve years of building something together will do that to a room.

There were memories shared, a few misty eyes, and plenty of laughter in between. And when the formal bits ended, the evening rolled on with drinks, music, and toasts — to the years behind us, and the bigger ones ahead.

Twelve down. The best ones still to come.

QUICK PEEK

THRILLING THURSDAY: DUMB CHARADES

14 MAY

A Thursday afternoon, a speaker, and the first 15 seconds of a song. That's all it took to turn the office into a battleground.

Teams were split by themes, and the rules were simple: hear the opening 15 seconds of a track, then guess the song and the movie before the other team does. Simple on paper. Absolute chaos in practice.

There was shouting. There was wildly confident wrong guessing. There were at least three debates about who said the answer "first." Exactly the kind of chaos a Thursday deserves.

QUICK PEEK

FUN FRIDAY: SPOT THE DIFF

29 MAY

Who knew two nearly identical pictures could cause this much drama?

Teams went head to head in a spot-the-difference showdown, and "friendly competition" lasted about four minutes. After that it was full detective mode: heads huddled, fingers jabbing at screens, and every find celebrated like a World Cup goal.

Fights? A few (the fun kind). Fun? An unreasonable amount. Sparkians take their games seriously — and honestly, we wouldn't have it any other way.

MAC 2026 — YEREVAN, ARMENIA

21 MAY

May took Adsparkx somewhere new: Yerevan.

Vipul and Nipun flew to Armenia to represent Adsparkx and Vibelets at **MAC 2026** — and this trip came with a headline moment. Vipul took the stage as a speaker, delivering a talk on where the industry is headed that had the room buzzing and set the tone for conversations that carried well beyond the conference floor.

Between the sessions, the handshakes, and the hellos from across the industry, one thing was clear: the Adsparkx name travels well.

Yerevan — you exceeded every expectation.

QUICK PEEK

INTERNATIONAL YOGA DAY

19 JUNE

Some Pulse traditions are worth repeating. This one made the cut.

On June 19th, the office slowed down for a serene, rejuvenating yoga session in celebration of International Yoga Day, guided by yoga expert **Ravit Sukhega**. Mats out, screens off, shoulders finally unclenched.

For an hour, the deadlines waited. And everyone walked back to their desks a little lighter than they'd left them.

THE ROAD AHEAD

These six months showed us something important: **transformation isn't loud.** It doesn't always arrive with fanfare. Sometimes it arrives as a Friday in matching tees. A keynote in a city we'd never visited. A cricket match that somehow means everything.

The next quarter carries all of that forward — the momentum, the camaraderie, the quiet confidence of a team that knows where it's headed. We're staying curious. We're staying connected. And we're building with the same clarity and care that made this half what it was.

The road ahead? It looks like us — and that's exactly why it's exciting.
