02 INTRODUCTION · PG 03

About Pulse

A new era begins quietly — in the hallways,
on Fridays, in the small moments.

If Q4 2025 was the season of celebration, 2026 arrived with something different in the air — the calm before the storm. The kind you feel at the start of something real.

> *This year didn't ease us in gently.*
> *It kicked open the door!*

January brought global stages and hometown warmth. February turned the office into a canvas of colour & creativity. March wrapped it all with the moments that remind you why you love where you work — and who you work with.

> *"Adsparkx isn't just growing, it's transforming"*

Between milestones and small joys, something became clear. The energy is different now. More focused. More confident. More us. This edition captures that shift — the elevation. The fruits of Q4's hard work are being harvested.

> *"Because at Adsparkx, we don't just enter a new year or a new quarter. We enter a new era."*

02 FEATURE · 4–5 MARCH 2026

AW Global: Dubai Chapter

Some trips don't go as planned —
but still become memorable in their own way.

Dubai · International Stage

The Sparkians arrived in Dubai for AW Global, excited for a global industry event. Shortly after landing, the event was cancelled due to regional conflict in March 2026.

> *"Plans changed, but the energy didn't."*

The team stayed together, explored the city, and made the most of their time — turning an unexpected situation into a shared experience. Despite the uncertainty, what stood out was the calm, the togetherness, and the way everyone adapted without losing momentum.

> The event didn't happen. But the AW Dubai chapter still very much did. *We are extremely proud of our Sparkians.*

New at Adsparkx

Some things quietly change the quality
of a Tuesday afternoon.

This quarter, the office got two very important additions.

NEW ADDITION

The Nestlé Coffee Machine

Proper café-style coffee — no longer a dream, now a daily reality. Whether you need a 10am pick-me-up or a late-afternoon reset, this machine has entered the chat and it slaps.

NEW ADDITION

The PlayStation 5

Because high performers deserve high-end downtime. The PS5 corner is already the unofficial gathering spot — where lunch breaks get extended and rivalries begin.

Café vibes. Cool energy. Complete unwinding.
Together, they've turned the office into somewhere you want to be.

A huge cheer for the people who worked on
from the initial spark to the final polished page...

Q1 2026 · January – March

03 · INTRODUCTION
ABOUT PULSE
The calm before the storm — what it means for who we're becoming.

04 · QUARTER IN REVIEW
WHOLESOMENESS OF Q1
Eight moments that defined January through March.

05 ★ INTRODUCTION
AW GLOBAL: DUBAI CHAPTER
The event was cancelled. The chapter wasn't.

06 · RECOGNITION
R&R
Quiet effort, loud results. Celebrating the Sparkians of Q1.

07 · THE UPGRADE
NEW AT ADSPARKX
A coffee machine and a PS5 walk into an office.

09 · LOOKING AHEAD
NEXT QUARTER
The road ahead looks like us — and that's why it's exciting.

02 QUARTER IN REVIEW · JAN – MAR

Wholesomeness of Q1

Eight moments that defined the quarter — from global stages to Holi ramp walks.

★ GLOBAL STAGE

Lead Generation World × Affiliate Summit West

Jan 4-6 &12-14

The year didn't wait. Barely into January and Adsparkx was already on the global stage — twice. Vipul at Lead Generation World, then Anita and Vipul at Affiliate Summit West — one of the biggest affiliate marketing conferences in the world.

Two events. Back-to-back. Confident, curious, and ready. These weren't just networking trips. They were statements.

★ CELEBRATION

Lohri Celebration

13th Jan

Small celebration. Big warmth. Marked Lohri with revadi, popcorn, kachori, and conversations that flowed just as easily. Not about scale or spectacle — about the feeling. Shared moments, familiar faces, simple joy.

★ NATIONAL DAY

Republic Day Celebration

24th Jan

Fun games that had everyone laughing and competing, a buffet (definite highlight), a talent showcase that surfaced some seriously impressive skills, and the day closed with late-night jamming — relaxed, a little chaotic, and a whole lot of fun.

★ NATIONAL DAY

Valentine's Day Potluck

14th Feb

"NO VALENTINE? NO PROBLEM"

Singles, couples and the complicated ones were all invited. A masterclass in inclusion and creativity. It started with "Never Have I Ever" and ended with the collective realisation that you don't need a Valentine when you have a team this good.

★ FESTIVAL

Holi Celebration

27th Feb

This one was special. A competition where every team decorated one of their teammates — creative, chaotic, absolutely hilarious. Then came the ramp walk finale, where decorated teammates strutted with more confidence than anyone had any right to after becoming a human art project. Then Holi colours, food buffet, dance floor.

Holi 2026 at Adsparkx: filed under unforgettable.

★ WOMEN'S DAY

Women's Day Lunch

9th Mar

On March 9th, the women of Adsparkx gathered for fine dining organised with love by Parul Mehta and Monika Sharma Taneja. Filled with good food, shared stories, and the kind of cheering-each-other-on that women do best. Approximately one thousand pictures taken. No regrets.

> The day ended with sweet treats and gifts. But the real sweetness? It was already in the room. Here's to the women who inspire us, challenge us, and make every day more meaningful.

★ GLOBAL STAGE

Adsparkx Day — Every Friday

13th Mar

A new chapter. A new tradition. Starting March 13th, every Friday is Adsparkx Day - Sparkians show up in Adsparkx tees. Three styles: polo tees, round necks, shirts. The first one brought the whole team together in a way that felt both simple and significant.

Identity isn't just built in the big moments. It's built on Fridays.

★ GLOBAL STAGE

Box Cricket Match

20th Mar

Team Vipul v/s **Team Nipun**

The one where things got a little competitive. Stakes, trash talk, enough energy to power the entire office. Sparkians brought their A-game to the box cricket pitch.

At Adsparkx, even the friendly matches feel like something worth remembering.

06 SECTION 06 · THE ROAD AHEAD

Next Quarter

Q1 showed us something important: transformation isn't loud. It doesn't always arrive with fanfare. Sometimes it arrives as a Friday in matching tees. A coffee that actually hits right. A cricket match that somehow means everything.

The next quarter carries all of that forward — the momentum, the camaraderie, the quiet confidence of a team that knows where it's headed.

We're staying curious. We're staying connected. And we're building with the same clarity and care that made this quarter what it was.

> *The road ahead? It looks like us — and that's exactly why it's exciting.*

With love and gratitude,
Vipul & Nipun Taneja
